

Grad Staff Contract & Honor Code

Life of Integrity – I do hereby commit to God, to the Velocity students, to the Teen Advisors, to my fellow staff & volunteers, and to myself that I will strive to model a life of integrity in all areas of my life. I realize that this commitment to integrity includes being a positive role model for the Teen Advisors & Velocity students, as well as for my peers, for my family, and for all others I encounter throughout this year.

Abstinence – While I understand that a life of integrity covers a broad range of values in every area of life, I do specifically commit to abstain from all forms of alcohol, tobacco, inhalants, illegal drugs, and sexual activities.

Honor Code – Finally, I pledge my word, and I am bound by my honor, to abide by the Teen Advisor Honor Code, which includes the following three commitments:

1. If I break any part of my contract, I will report myself to a TA staff member.
2. If I know of a fellow staff or volunteer person, Teen Advisor, or Velocity member that has broken their contract, or if I even **hear** that someone has broken their contract, I will lovingly confront that person and encourage them to report themselves.
3. Should they refuse to report themselves, I will report that person to a TA staff member.

Since, by signing this contract, I am making myself accountable to the people listed above (in the “Life of Integrity” section), I understand that if I decide to resign, an announcement of that resignation will be made to those people.

This contract is effective immediately as of the date signed and is binding through **September 6, 2011**.
